Join us on **Zoom** to *leap into science!*

By practicing hands on, preschoolers will create shadows using a flashlight, learn how light causes shadow, and participate in related activities. Pick up a kit for the program beginning on June 1. You will need to provide your own flashlight.

(Registration for children ages 3–5 is required and will begin May 10.)

Bring your creativity, too, as we'll share a fun idea for a process art activity to do at home.
